Announcement of The Forth International Young Scholars Geo-Symposium (The Webinar.2020)

Welcome to Peking University (PKU) "International Young Scholars Geo-Symposium"! Geo-Symposium is targeted on providing a unique academic platform for communication and coordination among pre-career scientists at home and abroad in geology. As a hallmark at PKU, Geo-Symposium enables outstanding scholars to share their cutting-edge research and creative energies with enthusiastic students and professors on PKU campus, which potentially opens up a window for young high-qualified scientists to faculty position applications at PKU.

1. Webinar forms of Geo-Symposium

14:00 to 16:00 every afternoon from June 22 to 26, 2020

Network platform: Tencent Meeting

2. Disciplines of Geo-Symposium

Planetary Geology, Tectonics, Structural Geology, Geochemistry, Paleobiology and Stratigraphy, Seismological Geology, Quaternary environmental changes, Active Tectonics and Geomorphology, Experimental petrology, and Petrology-Mineralogy-Economic geology, etc. Yes! We welcome new cross-disciplinary science.

3. Qualification requirement

A qualified applicant should fulfill the following:

- 1) Age under 40 years old.
- 2) Received a doctoral degree from prestigious university or institute, or holding a doctoral degree from a domestic university or institute and have a minimum of one or two years of overseas research experience.
- 3) Equipped with outstanding academic achievements.

4. Application procedure

- 1) Download and complete the application form (Application Form of The Third International Young Scholars Geo-Symposium). (Download from website: <https://sess.pku.edu.cn/index.htm>).
- 2) Send the application form and a Curriculum Vitae to geozhangbo@pku.edu.cn by June 15, 2020.
- 3) Qualified applicants will receive a formal invitation letter before June 16, 2020.

6. Contact us

Chairman of organizing committee:

Lifei Zhang Professor, Director of School of Earth and Space Sciences

Jinjiang Zhang Professor, Vice Director of School of Earth and Space Sciences

Organizing committee:

Bo Zhang, Bin Shen,

A handwritten signature in black ink on a yellow rectangular background. The signature is stylized and appears to be a cursive representation of a name, possibly 'Bo Zhang' or 'Bin Shen'.
